

# Testhouse Quality Assurance for Digital Transformation

THE QUEEN'S AWARDS  
FOR ENTERPRISE  
INTERNATIONAL TRADE  
2018

**200+**  
Digital  
Projects

**2.3**  
Million hours  
of Testing

**250+**  
Digital &  
Mobile Testers

### Security Testing

Vulnerability, Penetration  
Authentication & Authorization  
Security Review

### Functional Testing

End to End Test Automation  
Mobility – Devices, Apps and CrBWT  
Compatibility

### Performance Engineering

End to End Perf Testing including  
Benchmarking & Fine tuning  
Enterprise Performance  
Management

### UI/UX Testing

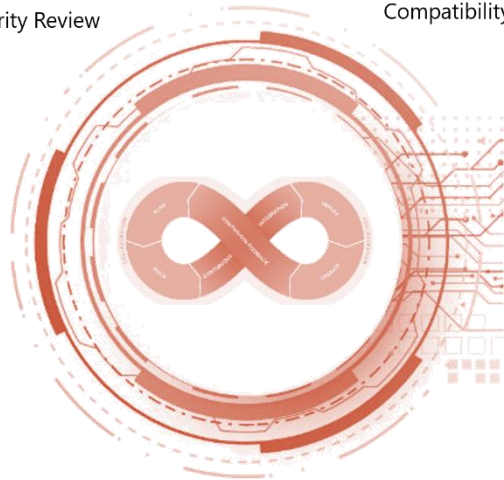

All Aspects of Usability &  
User Experience Testing

### Cloud Readiness Testing

Migration & Integration  
Interoperability and Compatibility  
Multi-Tenancy and Availability

### Next Gen Testing

Internet of Things  
AI and ML  
Blockchain  
Robotics and Chatbots

### Analytics Testing

DWH & Data Transformation  
Big Data and Social Media Analytics

### DevOps Services

Continuous Integration  
Quality Engineering

**130%**  
Improvement in  
Time to Value

**60%**  
Reduction in  
Cost of Quality

**40%**  
Reduction in  
Life Cycle Costs

**90%**  
Increase in  
Testing Efficiency
